## Local Gunner Ties for Lead At Pinehurst

M. McVoy Jr. and Art H. Aber, of Pittsburgh, Each Break 147 Targets

Special Dispatch to The Tribune  
PINEHURST, N. C., Jan. 18.—With no wind to swirl the targets and perfect light for shooting, the "birds" thrown in the mid-winter tournament today had small chance of escaping the fire of many of America's best shots, and it required a high total to finish in the money. Sixteen in the field of 100 in the sixteen yards 150-target event broke 144 or better.

There was a tie for first prize between M. McVoy Jr., of the New York A. C., and Art H. Aber, of Pittsburgh. Each broke up 147 of the 150 targets. Aber broke straight in the first three events of twenty-five birds each, but lost three in the second seventy-five. Three crack shots tied for third, at 146. They were E. L. Wheeler, the Indian from Pawhuskie, Okla.; Al Heil, of Allentown, and Frank Troeh, of Vancouver.

The inter-sectional team match at 450 targets, with the five high guns from the East and West to count, was won by the East by five targets. F. S. Wright, of Buffalo; C. L. Bickel, of Sandusky, Ohio; and W. H. Jones, of Macon, tied for fifth place on the Eastern team, with totals of 427.

Frank Hughes, of Mohridge, S. D., was the high gun for the first three days' shooting, with 435 breaks out of the 450 targets. W. H. Patterson, of Buffalo, was second, with 434, and C. A. Young, of Springfield, Ohio, third, with 431. J. W. Hawkins, of New Haven, led the professionals with 429 breaks.

## Present College Policy Gives Sport Excessive Importance

President Lowell of Harvard Contends Necessity of Maintaining a Public Spectacle Is Not Clear and Is Not Based on Any Faculty Principle

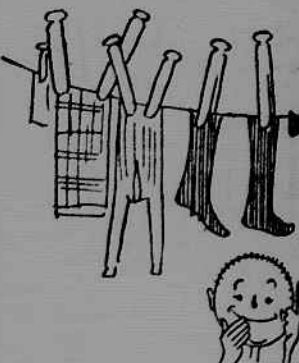

CAMBRIDGE, Mass., Jan. 18.—Contending that public interest in football "has tended to give excessive importance to college athletic contests," and that "this affects all American colleges," President A. Lawrence Lowell of Harvard University, in his annual report to the overseers, urges that "it would be well for faculties, administrators and governing bodies to consider afresh the proper place of public intercollegiate athletic contests in the scheme of education."

"The present policy of college football," writes President Lowell, "is not based upon any principle recognized as imperative by faculties, alumni and spectators. The public interest in the sport, as a spectacle, has tended to give excessive importance to college athletic contests.

"That intercollegiate matches are the best form of physical exercise in youth, few people would be inclined to deny; but the single bout race between Oxford and Cambridge on the Thames, and the cricket match between these universities, supplemented in each case by a series of intramural contests, has been enough to stimulate unflagging interests in these sports among the students. Judging from the effect of the race at New London, one may ask whether or not the same plan would be sufficient in football. The necessity of maintaining for this purpose a public spectacle attended by thousands of spectators every Saturday throughout the autumn is certainly not clear."

In his discussion of college athletics, President Lowell reports that the Harvard faculty, anxious about the amount of time consumed in the practice for intercollegiate games, recently appointed a committee to inquire into the matter. "After a very careful investigation it reported that the practice was not such as to interfere seriously with the academic work of men training for the team; but that it did interfere with the work of the managers, and still more of the candidates for such positions." Steps have been taken by the athletic authorities to reduce it in future.

"A more difficult question is raised by the nature of the intercollegiate football games. The public interest, formerly concentrated on the Yale game, has extended to those with other

## Princeton Mermen Score Double Win Over Columbia

Take Swimming Honors by 29 to 24 and Water Polo by 64 to 7

PRINCETON, N. J., Jan. 18.—Princeton won a double aquatic victory over Columbia's swimming and water polo teams here in Brook Park to-night when she defeated the former by a score of 29 to 24 and the latter 64 to 7.

The swimming meet was a close race to the end, the visitors leading 24 to 21, until the Tigers won the relay race as the last event by a margin of about two feet.

McGraw, Princeton sophomore, provided the sensation of the evening by defeating Babba, fancy diver of the American Olympic team. Princeton's victory in water polo was evident from the start, the Tigers leading 34 to 1 in the first half.

The summaries and line-up:

Swimming—Won by Lange, Columbia; second—W. H. Patterson, Princeton; third—W. H. Patterson, Princeton; fourth—W. H. Patterson, Princeton; fifth—W. H. Patterson, Princeton; sixth—W. H. It is a lengthy shout (slang for far cry) from the snows and stark maples of January to the odor of burning leaves in early autumn. One can hardly look eight months ahead with any clear, certain vision—but at least they can't arrest you for firing a few salvos of January dope.

We have with us, at the head of this symposium, two pennant-winning ball clubs that have been further strengthened by the addition of outstanding stars.

The question then is, how are two pennant-winning ball clubs that have been decidedly bolstered going to be stopped with a 50-50 allotment from Fate?

McGraw and Huggins have the stuff to win with. But neither New York machine is perfect.

McGraw has an uncertain pitching staff over the long route, and Huggins has only an ordinary outfield with Ruth shifted to first. And with Ruth and Meusel out for a month there are further Yankee complications.

McGraw's greatest strength rests with an infield composed of Kelly, Frisch, Bancroft and Groh—all four outstanding stars.

Huggins's main strength rests in a pitching staff that carries Mays, Hoyt, Shawkey, Jones and Bush, with a lusty punch in the batting order to grind out the succulent tally.

The Cardinals at times last season seemed to outclass the league. There were stretches when they could wade through any opposition, including the Giants.

If they can only get away in good fashion and acquire a trifle more pitching strength, not even the strengthened world champions will be heirs to any flippant romp. It will be a battle all the way.

Back of these two Pittsburgh and Boston have the better chance to rise up and go somewhere. Both broke badly last summer after flourishing starts, but both clubs were well managed and both had unusual spirit in so far as hustling was concerned.

And this means something in an age when hustling is the exception rather than the rule.

New York, St. Louis, Pittsburgh and Boston should be the four first division clubs—and quite probably in this order.

The Giants' main rival in the way of pennant possibilities is several kilometers further west.

We refer here to St. Louis. If Branch Rickey can get a few pitchers in motion, his club may yet hammer out a path to the top, using their bats for this purpose.

## Babe Herman Rules Favorite Over Reisler in Garden Bout

Tim Droney Expects to Dispose of Tait and Get Another Leonard Match

By Jack Lawrence

While the calling off of the Midget Smith-Joe Lynch fight at Madison Square Garden to-morrow night has had a saddening effect upon fight fans in general, there is still hope of real action between the underdogs that have been thrown into the breach.

Perhaps Babe Herman would object to being called an underdog, as he considers himself a star, which he undoubtedly is.

The fact that Midget Smith, as game a youngster as ever lifted an uppercut, has been laid up with pneumonia has thrown a wrench into the smooth workings of the bantamweight machine. With Midget Smith sick in bed and the bantams in the world in Europe, for at least seven weeks, this division is left for the time being with Joe Lynch, former world's title holder, as the outstanding figure. A significant line is drawn on this class when one contemplates the fact that Tex Rickard could not find a suitable opponent for Lynch as a substitute for the lamented Midget.

However, Rickard has put on a very acceptable program, and those holders of tickets for the Smith-Lynch bout will find that their tickets are good for to-morrow night's show. Being unable to select a boy capable of giving Joe Lynch a real fight, Rickard has offered his patrons Babe Herman as a substitute for the lamented Midget.

In the Babe fans have a glimmer of security. He always does his stuff.

An Interesting Evening

To-morrow night Herman meets Johnny Reisler in the star bout of "John the Barber," the son of "John the Barber," who has been in the hands if he makes the grade and comes through standing up. The indications are that he is in for an interesting evening.

The rest of the card, while ringing no bells in the corridors of fame, will undoubtedly provide the stuff that makes fans feel satisfied. For one fought eight vigorous rounds with Benny Leonard, and that affair has imbued him with the idea that an underdog fight will come close to bringing him the title.

This is a pleasant dream and the dreamer will have an opportunity to display the stuff of which he is made when he tackles "John the Barber" in the twelve-round semi-final at the Garden.

Droney visited Rickard's offices yesterday and handed out a list of candidates for this affair.

"The one thing I'm after," he said engagingly, "is another swipe at Leonard. I'm sure I can beat that boy. I've heard a lot about Tait, and after he knocked out Lew Edwards, who is supposed to be a real tough guy, I begged my manager to get me a match with him. I expect to knock Mr. Tait completely out of the ring, and I think that my showing on Friday night will compel Mr. Rickard to sign me up with men like Rocky Kanter and other who are ready to give me a real fight."

When a boxer talks this way you might as well buy a seat to witness the obsequies. The language is from the lips of one who is due to be knocked for a row of Elizabethan earrings.

Pepper Martin at Rink

The Columbus Council, K. of C., has arranged a fine card of bouts for a special show at the arena to-night, 3 o'clock, to-morrow night. Pepper Martin, the Brooklyn featherweight sensation, will appear in the main bout of twelve rounds against Kid Sullivan and hopes to pay off an old score. The Kid whipped Martin several years ago when the peppery one first ventured into the professional ring.

Martin has very graciously offered to give his share of the receipts to the K. of C. fund for a new clubhouse.

The two ten-rounders which precede the main event promise to be heavy punching affairs. In the first Johnny Gannon will mingle with Joe Clifford, who is expected to be a real tough guy. The second bout will be between Thomas, of the West, meet in the semi-final. Tim Healy and Joe Dalia open the show with a six-round scrap.

PRINCETON, N. J., Jan. 18.—Princeton won its second league basketball game by defeating the Columbia University quintet here to-night by a score of 31 to 10. Columbia was entirely outclassed, being able to score only one field goal, which was earned by Captain Watson early in the game.

## Trains Carrying Snow To Scene of Ski Meet

CHICAGO, Jan. 18.—To-night at 11:30 o'clock snow began falling on hills at Cary, Ill., and the fall will continue throughout the night and all day to-morrow.

The announcement, however, comes from the Northwestern Railroad and not the Weather Bureau. The railroad is bringing two trains, each carrying a carload of skiers, to the scene of the meet.

The snow is expected to be heavy, where it will be used to give the ski tower and hillside jump for the national ski tournament next Sunday of the Sarge Ski Club.

## Tilden III. Calls Off Match

PHILADELPHIA, Jan. 18.—Owing to an acute attack of laryngitis William Tilden III. will not play in the match which he was to play against the champion of New York, in an exhibition match here Saturday night. It was announced to-day. Tilden's condition is not serious, it was said.

## Columbia Hockey Team Beats Princeton in Close Contest

Local Players Gain Victory in Extra-Period Game by 4 to 3 Score

Columbia's hockey team scored a brilliant victory over the sextet of Princeton University at the 181st Street Ice Palace last night in an extra period contest, the score being 4 to 3. A spectacular goal by Captain Anderson, of the Blue and White team, decided the contest after two minutes of the extra period.

The teams were evenly matched and alternated in leading in the first period, which ended at 2—all. Corcoran tallied for Princeton after one minute, but goals by Anderson and Rogers put Columbia in the lead. Corcoran, however, tied the score as the period was closing.

There was no scoring in the second period, but after seven minutes of skating Corcoran again tallied for the Tigers in the third period. With Columbia on the verge of defeat, Rogers, the local center, shot the puck into the net for the tying goal.

Corcoran, the Princeton center, was the star of the contest and scored all the points for his team. Jennings, who tended goal for Columbia, made some fine stops. Captain Anderson also played well for the locals.

The line-up:

## The American League

The Yanks have lost Peek and have gained Scott. They have lost Piercy and Collins, who were of little help, and have gained Jones and Bush, two winning pitchers. They have lost Ruth and Meusel for a month. But they have the pitching to glide along for the first thirty days, and when Ruth and Meusel report again the entire ensemble will be hard to stop.

Ruth, Scott and Ward for an infield, with Mike McNally adjacent, is all one can expect.

The Yank outfield doesn't look so good, but it doesn't have to be a wonder.

Cleveland, St. Louis and Washington, in about this order, should be New York's leading rivals.

Cleveland still has a lot of stuff left that might go far with good pitching, but Speaker has no pitching staff to match against five winning pitchers which Huggins can shoot in daily turn.

The Browns have a lot of heavy artillery to lay down a barrage, hooked up with several stars.

The addition of two or three good youngsters would make this team as dangerous as dynamite.

Griff has a good ball club, but not a great one.

Boston, Detroit, Chicago and Philadelphia can be checked off eight months ahead.

You can take two men away from a fine football machine and wreck it. You can add two stars to an ordinary machine and make it. The same is often true of baseball. If the spring opening that is set for March should develop two young stars for the Cardinals, Browns, Pirates, or one or two other contenders, the difference would be astonishing. And it is for several years has been slender, proof of which is to be found in the fact that long-serving veterans are still holding their advantage. This side of the case can hardly be unraveled before April.

(To-morrow—Baseball—Individual Stars.)
